

PRESSURE GAUGES

ACCESORIES

» TECHNICAL DATA SHEET

ALTAMIRA pressure gauges are built to measure different pressure ranges and can be used with air, water, and non-corrosive liquids.

» APPLICATIONS

Hydropneumatic systems.

High-pressure applications.

Water treatment systems.

» ADVANTAGES

304 stainless steel case.

Bronze or 316 stainless steel connection.

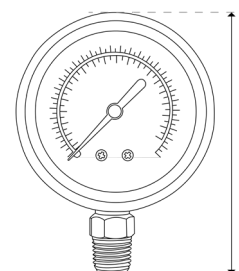

Aluminum dial and pointer with dual pressure scale (psi and kg/cm²).

» TECHNICAL SPECS

Accuracy:	1.6% – 2.5%
Operating temperature:	-20 °C - 60 °C
Connection:	1/4" NPT Male
Ingress protection:	IP67
